

Telephone services

DIALMET – Automated METAR and TAF service

Tel: 09063 800 400

- Select the Quick access menu < * KEY > or the Aerodrome options menu < # KEY > as soon as the call is answered. Details of the options are listed below.
- Aerodrome weather message order**
 - METAR
 - 9-hr TAF (if provided)
 - 18-hr TAF or 24-hr TAF (if provided)
- Quick access keys on telephone keypad**

Press < * KEY > plus the three-digit aerodrome code as soon as the call is answered (the aerodromes and codes are listed overleaf).

Press < O KEY > to pause the current read-out; and press < O KEY > again to restart.

Press < 1 KEY > to stop the current read-out before selecting another aerodrome code.

Press < # KEY > to stop the current read-out and obtain further options as follows:

 - Press < 1 KEY > to enter another aerodrome code
 - Press < 2 KEY > to replay the message
 - Press < 3 KEY > for Menu of aerodrome options
 - Press < 4 KEY > to Exit
- Aerodrome selection menu** (if three-digit code list is not available)

Press < # KEY > as soon as the call is answered and press keys as instructed.
- Using the keypad**
 - Press the keys positively
 - Leave about 1/2 sec between pressing keys
 - Pause briefly after pressing < 1 KEY > to check the read-out has stopped
 - If not then press < 1 KEY > again
 - Try again if your input is not accepted – not all telephones are fully compatible
- Charges**

Calls are charged at 49p per minute (34p per minute off peak) including VAT.
- Information**

Times shown, in UTC, are those between which observations are made.

Aerodromes with 18-hr TAFs are underlined and 24-hr TAFs indicated individually. The two letters in brackets are the last two letters of the ICAO designator for the aerodrome.

2 = METARs not available on Saturday.
3 = METARs not available on Sunday.
- Problem s**

Any problems with DIALMET service can be reported to the answering service on 020 8745 3162, or e-mailed to ccac_fi_co-ordinator@nats.co.uk
